Welcome to 3211 Woodvalley Drive! Featured in House Beautiful Magazine, this one-of-a-kind home has an architectural leading design years ahead of its time. Rarely available five bedroom, four bathroom rancher offering exceptional curb appeal and thoughtful design throughout. Set on just under two beautifully landscaped acres, this property pairs timeless architecture with a warm, functional interior.

Stroll from the driveway to the landscape architected brick walkway and through the comfortable brick and cedar porch. Step inside to a welcoming foyer featuring herringbone brick floor tile and shiplap paneling, lending a subtle mid-century modern touch. The main oak-planked living room is expansive, with vaulted wood-beamed ceilings, a cozy brick fireplace, shiplap accents, recessed lighting, and large sun-filled windows. It flows seamlessly into the dining room, creating an open yet defined space for everyday living and entertaining. Sliding Anderson doors lead to a tranquil, fenced-in back patio with peaceful, private, woodsy views.

At the heart of the home is a gourmet galley-style kitchen designed for both beauty and utility. A custom brick hearth surrounded with a built-in pot rack frames the commercial-grade Wolf gas cooktop, while a Wolf double convection wall oven and stainless steel appliances complete the setup. The exposed brick archway adds a warm,

traditional touch, evoking the charm of a European country kitchen.

The main level features a spacious primary suite with an en suite spa bathroom, recently updated with fresh paint, a new double vanity, a freestanding tub, and a stall shower with dual shower heads. A large walk-in closet includes built-in custom shelving. Three additional bedrooms on the main level offer hardwood flooring and ample closet space, supported by two full bathrooms updated with new vanities. A dedicated main-level laundry room adds everyday convenience.

A separate den-style room with herringbone brick floor tile and hardwood ensconced walls and offers additional space for lounging or entertaining, complete with a bar and a second fireplace—featuring bricks sourced from Baltimore’s historic Ford’s Theater. The lower level has been upgraded and includes an exposed brick wall with a wood-burning fireplace, recessed lighting, walk-out access to the backyard, a full bedroom, and an additional full bathroom.

Additional highlights include a newer roof, a two-car detached garage with ten foot garage doors, a geothermal heating system less than a year old, and owned solar panels that have produced negative utility bills during the summer months. Located close to highly rated schools, this property is a rare blend of space, style, and efficiency in a sought-after Stevenson location. Schedule a showing today!
